Rule changes are always a highly discussed topic. In an attempt by the United States Table-Soccer Federation and the International Table-Soccer Federation to offer players from different countries and those that compete on different tables a common set of rules, we will enter a trial period for all of our designated I.T.S.F. events. Bonzini™ U.S.A. applied for I.T.S.F. sanctioning to introduce our player base to the World and award our players with I.T.S.F. ranking points. I am confident, by working together, we will use this period for a fair evaluation of these rules and the potential benefits they may bring to our players organization.
